What is Men's Life?

The Quest for Authentic Manhood is a multi-session study focusing on a man's core identity providing an overview of basic manhood issues. It will help men deal with various identity issues by looking back at past wounds and other things that may have distorted their idea of biblical masculinity. Throughout the course of the study, men will learn how to clearly define manhood and will finally be able to give a succinct and passionate answer to the questions, "What is a man?" and "What am I living to be?"

What should I expect from Men's Life?
